SPRINGFIELD STREET DIRECTORY.

The Street Directory gives the location of each street, and shows what other streets, avenues or places run from or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of Main street No. 310 comes, turn to Main street, and you find that Worthington street intersects at 298, right side, and Bridge street at No. 340, showing that No. 310 comes on the right side of Main street between Worthington and Bridge.

FIRE ALARM TELEGRAPH.

Instructions to Key Holders—Key holders, upon positive information of a fire, will unlock the box, and if the bells or the small bell in the box is not striking, pull the hook down to the end of the slide once and let go immediately. Do not strike an alarm when the bells or the small bell in the box is striking, for in that case the alarm is already striking, and to give a second one would confuse the firemen. After giving an alarm, remain, if possible, until the steamers arrive, to direct them to the fire. If you hear no clicking sound in the box after pulling the hook, go to the next box, and give the alarm from that.

Do not give an alarm for a fire at a distance, *nor for a burning chimney*. Do not strike the alarm more than once from the same box. Be sure the box is locked before you leave it.

FIRE AND BUILDING DISTRICTS.

That part of the city embraced between Union street and Ferry and Cypress streets, and between the Connecticut river and Maple and Chestnut streets, and also one hundred and fifty feet each side of Main street, from Union south to Fremont and Central, and from Ferry and Cypress north to Bradford and Carew streets, is declared by law a fire district, within which wooden buildings are not to be erected. The same portion of the City is also declared to be a building district, and the City Marshal is appointed Building Commissioner, and receives a salary of $50 a year for services in that capacity. Within this district, according to law, no building shall be erected till the plans and specifications thereof, so far as they indicate the material, height, and thickness of the walls, and the material of the roof and cornices and other projections shall have been approved by a commissioner appointed for that purpose. Whoever shall commence or authorize the erection of any building within said fire limits without having first obtained the approval of the plans and specifications thereof by the said Building Commissioner, in accordance with the provisions of this ordinance, shall forfeit and pay a penalty of One Hundred Dollars for such offense; and it shall be the duty of the Mayor, whenever notified of any violation of this ordinance, to take measures to prevent, by injunction or otherwise, the erection of any such building.

SPRINGFIELD WATER WORKS.

The works are in charge of a Board of Water Commissioners, consisting of the Mayor, ex officio, Chas. L. Goodhue chairman; J. C. Hancock, superintendent; A. R. Hathaway, registrar. Office, 43 Bridge street. The supply of water for the low service is taken from the reservoirs bought of the Springfield Aqueduct Company, and the high service is supplied from the new reservoir at Ludlow. The storage capacity of the three low service reservoirs is as follows:

	GALLONS.
Lower Van Horn Reservoir,	73,655,000
Upper Van Horn Reservoir,	27,952,000
Lombard Reservoir,	8,970,000
	110,577,000

The capacity of the Ludlow reservoir is 2,132,817,000 gallons, making an aggregate storage capacity of 2,243,394,000 gallons.

FRENCH PROTESTANT COLLEGE.

The French Protestant College was incorporated in October, 1885. It has two departments. The course of studies in the preparatory department extends over three years and prepares young men for college. The college course extends over four years, and is very much the same as that of American colleges, special attention being given to the study of the French language and literature, and to sociological questions. Bible studies are followed by all the students, and those having the ministry in view are offered special advantages for the study of theological subjects. The college is on the same footing as other New England colleges and has power to confer the ordinary academic degrees. The officers of the college are: President, Rev. Calvin E. Amaron; Vice-President, Rev. M. Burnham, D. D.; Clerk, Rev. Ralph W. Brokaw; Treasurer, James Kirkham. The Executive Committee are; Rev. D. A. Reed, Chairman; Rev. R. W. Brokaw, Rev. J. Coit, R. W. Ellis, Esq., Rev. C. E. Amaron. The institution has purchased the old city hospital property and has erected a building capable of accommodating fifty students. It is the intention to open a young women's department this fall to prepare young women for missionary service. A publishing department has been added to the ordinary work of the college. A sixteen-page paper, half French and half English, is issued every week, the object of which is to inculcate right principles of government among the French speaking population. Other publications will also be issued in the future. This institution is the only one of its kind in America, and offers a liberal American education to the million and a half French speaking people of this country, with a view to prepare them for citizenship.

Home for Friendless Women and Children—These two institutions were formerly conducted under one roof at

No. 62 Union street, a corporation for this purpose having been organized in 1865, by ladies interested in the reform of fallen women, the relief of the needy, and the care of destitute children. The number of inmates increased so rapidly, however, that in the course of a few years it became necessary to provide another establishment, and in 1871 the Home for Children was built on Buckingham street; since which time the house on Union street has been used for the reception of adults only, or for mothers with infants.

The institutions have continued under the direction of the same corporation, which is composed of 60 ladies, representing all the different religious societies of the city.

The government of this institution is vested in a board of managers, consisting of 30 ladies chosen annually by the corporation, from their own number, the board having power to fill their own vacancies during the year. An advisory committee of 7 gentlemen is appointed by the corporation, with whom the Board of Managers consult on all difficult or doubtful questions.

A meeting of the Board of Managers is held at the Homes alternately, once in two weeks, on Friday afternoons, notice of which is always given in the morning paper of that date.

The annual meeting of the corporation is held on the fourth Wednesday in January, the special time and place being determined by the Board of Managers. The officers for the present year are as follows: President, Mrs. Heman Smith; Vice-Presidents, Mrs. William G. Breck, Mrs. E. Brewer Smith; Clerk, Miss Mary L. Jacobs; Treasurer, Mrs. George Church; Corresponding Secretary, Mrs. George W. Tapley; Auditors, Mr. Henry S. Lee, and Mr. George W. Tapley.

Applications for admission to the Home for the Friendless Women should be made to the matron of the Home, 61 Howard street, or to any of the following members of the woman's committee: Mrs. George B. Stebbins, Mrs. Oscar S. Greenleaf, Mrs. William G. Breck, Mrs. Charles Hall, Mrs. Oscar D. Adams. For admission to the Children's Home application should be made to the children's committee, who meet at the home on Buckingham street every Monday afternoon, to receive and consider such applications. Children's committee are as follows: Mrs. George W. Tapley, Mrs. Henry Brewer, Mrs. David P. Smith, Mrs. Howard A. Gibbs, Mrs. Homer G. Gilmore, Mrs. Harlan P. Stone, and Mrs. William C. Warren.

Provident Dispensary—78 Bliss street. The object of this is to prevent pauperizing such families or individuals as, when overtaken by sickness or accident, have no recourse but to the services of the City Physician. Requests for the attendance of the City Physician must be made by application to the agent of the Overseers of the Poor, and the names of those requiring his services are recorded as applicants for aid. It is often desirable to prevent this as the first step to dependence, and in many cases suffering, caused by unwillingness to apply to the city, is prevented. A small charge for medicine is made. Board of Physicians: M. Calkins, M.D., Consulting Physician; E. C. Collins, M.D., W. H. Andrews, M.D., Sarah M. Wilbur, M.D., Urbane H. Flagg, M.D., John Blackmer, M.D., Frank L. Smith, M.D.; C. H. Calkins, M.D., eye and ear. On the 8th of December, 1888, an outdoor department was organized, and applicants for its aid should apply to James H. Lewis, Secretary. Persons wishing to obtain the benefits of the charity may also apply at 78 Bliss street, where the desired information may be obtained and medical advice secured.

Springfield Home for Aged Women—Located at 630 Main street. It was opened Nov. 22, 1886. President, Mrs. P. P. Kellogg; Vice-Presidents, Mrs. William Birnie, Mrs. Gideon Wells; Treasurer, Mrs. Luke Corcoran; Secretary, Mrs. E. C. Rogers; Auditors, Mrs. J. A. Rumrill, Mrs. C. A. Nichols; Matron, Mrs. Susan A. Miller; Finance Committee, Gurdon Bill, Nelson C. Newell, Philo P. Kellogg.

The Mutual Benevolent Association (Colored)—Organized in 1866. Each member receives $3 a week in sickness, together with attendance, and, in case of death, $30 is paid for funeral expenses. Officers—President, Eli S. Baptist; Vice-President, Mrs. Louisa Moore; Secretary, Miss Sadie Ritter; Assistant Secretary, Miss Sadie Fisher; Treasurer, Mrs. Harriet Thomas; Chaplain, Mrs. Sarah Walters; Marshal, Mr. William Stewart. Meets first Wednesday evening of every month at the members' residences.

The Springfield Hospital—The Springfield Hospital was incorporated under the general laws of Massachusetts, December 24, 1883. On November 4, 1886, Dorcas Chapin, widow of Chester W. Chapin, died, bequeathing to the corporation $25,000 upon the conditions that a like sum should be contributed, and that the city of Springfield should give to this corporation its hospital and equipments. On January 17, 1887, William Merrick of Springfield died, making this corporation his residuary legatee. In April, 1887, by popular subscription the sum of $28,444.96 was raised, and in October, 1887, the city of Springfield deeded its hospital to this corporation, thus complying with the conditions of the will of Dorcas Chapin. In November, 1887, the Hernando Fuller farm on North Chestnut street, containing about 35 acres, was purchased by the trustees, and in accordance with plans adopted May 15, 1888, the present hospital was erected thereon. Saturday, May 4, 1889, the hospital was dedicated with appropriate exercises, and opened for the reception of patients on the following Monday.

The Library building ranks among our finest public edifices, and cost, with the land, about $125,000. It was designed by George Hathorne of New York, and built of brick, with facings of granite and Ohio stone; it stands sixty feet from the street, and is one hundred feet long and sixty-five wide. The Reading Room and Museum occupy the first floor, and above is the Library proper.

The association contemplate the erection of a new building in addition to the present Library building on the lot adjoining, and are now raising funds by subscription for that purpose.

Museum—Curator, Solomon Stebbins. Open to the public on week days from 1 to 6 p m. It has about 1,500 species, and upwards of 3,800 specimens of shells, classified by Dr. George A. Otis, formerly surgeon of the 27th Massachusetts Regiment; also 1,000 specimens of stuffed birds; 120 stuffed quadrupeds, including two enormous wild-cats killed in this country; 115 species of fish and reptiles; small cabinets of coral and crustacea; an extensive mineralogical cabinet; a large and very curious collection of fossils; numerous Indian and foreign antiquities; several flags and various trophies

captured from the Southern rebels by our home troops, also 450 species of North American birds' eggs, and a large collection of bird skins prepared for study. Additions are frequently made by the generosity of our citizens. Donations for the Library or Museum may be left with the Librarian, Rev. William Rice.

POSTAL INFORMATION.

Important Extracts from the Rules Governing the Post Office Department.

First-Class Matter—Matter which is in writing, or other matter containing a written inscription in the nature of personal correspondence, and matter which is sealed against inspection, are, by their nature, and the intent of the law, first-class matter, and subject to the postage rate of two cents for each ounce or fraction thereof. On local or drop letters, at all free delivery offices, two cents for each ounce or fraction thereof—other offices one cent.

Second-Class Matter—Mailable matter of the second-class embraces all newspapers and other periodicals, publications which are issued at stated intervals and as frequently as four times a year, and are within the certain conditions. (For these conditions apply at the office.)

When sent as transient matter, by other than the publishers, one cent for each four ounces or fraction thereof.

Third-Class Matter—Mail matters of the third-class shall embrace books, circulars and other matters wholly in print; proof sheets, corrected proof sheets and manuscript copy accompanying the same, and postage shall be paid at the rate of one cent for each two ounces or fractional part thereof; and shall be fully prepaid by postage stamp affixed to said matter.

A circular is defined to be a printed letter which is being sent in identical terms to several persons. It does not lose its character as such by writing the name of the addressee or sender therein, nor by the correction of a mere typographical error in writing.

Permissible Additions to Third-Class Matter—Upon matter of the third class, or upon the wrapper or envelope inclosing the same, or the tag or label attached thereto, the sender may write his own name, occupation, and residence or business address preceded by the word "from," and may make marks other than by written or printed words to call attention to any word or passage in the text, and may correct any typographical errors. There may be placed upon the blank leaves or cover of any book, or printed matter of the third-class, a simple manuscript, dedication or inscription not of the nature of a personal correspondence. Upon the wrapper or envelope of third-class matter or the tag or label attached thereto may be printed any matter mailable as third-class, but there must be left on the address side a space sufficient for a legible address and necessary stamps.—(Act of January 20, 1888.)

Fourth-Class Matter—Includes merchandise and samples of merchandise, models, samples of ores, metals, minerals, etc., and any other matter not included in the first, second and third classes, and which is not in its form or nature liable to destroy, deface or otherwise damage the contents of the mail-bag or harm the person. Postage rate thereon, one cent for each ounce or fractional part thereof.

Permissible Writing or Printing upon or with Fourth-Class Matter—with a package of fourth-class matter prepaid at the proper rate for that class, the sender may inclose any mailable third-class matter, and may write upon the wrapper or cover thereof, or tag or label accompanying the same, his name, occupation, residence or business address, preceded by the word "from," and any marks, numbers, names or letters for purpose of description, or may print thereon the same, and any printed matter not in the nature of a personal correspondence, but there must be left on the address side or face of the package a space sufficient for a legible address and necessary stamps.—(Act of January 20, 1888.)

The tag or label with the printing or writing authorized thereon, may be attached to the whole package, or separate tags or labels, bearing the same, may be attached to each of one or more articles contained in the package.

The postage to Canada is the same as domestic postage.

The uniform fee for the issue of a postal note is three cents. A postal note will be issued at any money order office payable at any other money order office for any sum from one cent to four dollars and ninety-nine cents, but not for any sum including a fraction of a cent. No written application for a postal note is required. There is no limit to the number of postal notes that may be issued from the same office on the same day to the same person. A postal note is valid until three months from the last day of the month of issue. The postal note is made payable to bearer, and hence to whomsoever presents it. If a postal note be lost or destroyed, no duplicate can be issued; but duplicate of an invalid note (one not paid within the given time) can be procured.

The fee on any registered matter, domestic or foreign, is fixed at ten cents on each letter or parcel, to be affixed in stamps in addition to the postage. Two or more letters or parcels addressed to or intended for the same person cannot be tied or otherwise fastened together and registered as one.

Special Delivery—A special ten cent stamp affixed to any article of mailable matter in addition to the ordinary postage insures its delivery by special carrier, immediately upon its arrival at the office of destination, between the hours of 7 a m and 11 p m at free delivery offices, and 7 a m to 7 p m at other offices. But this delivery will only be made within the carrier limit at letter-carrier offices and within one mile of post offices at all other places.

UNITED STATES ARMORY.

Commanding Officer, A. Mordecai, Colonel Ordnance Department; Assistants to Commanding Officer: Captain S. E. Blunt, First Lieutenant Fremont P. Peck, and Major W. H. Rexford. The post has at present a garrison of thirty men.

The chief arsenal of the government for small arms is here, and there are now stored in it about 220,000 rifles which are subject to issue to troops and the militia. The present manufacture is about 100 rifles or carbines per day.

U. S. Recruiting Service—Rendezvous (8) 231 Main street. Recruiting Officer, Captain Chas. B. Hinton, 18th Infantry; Corporal, Thomas Smith; Privates, Richard Jones, Thomas Nugent.

CEMETERIES.

There are six burial places in town—four of which are in the eastern part.

Church Street Grave Yard—This is the oldest burial ground in the town, is well preserved, but it is almost impossible to decipher most of the inscriptions. Among those that can be read are "Nathaniel Dwite" died November 1711, and Rev. John Woodbridge, first minister of West Springfield, who "fell asleep June 10, 1718." No body has been deposited in these grounds since the beginning of the present century.

Town Hall Cemetery—This is a burying ground lying between Town Hall and Park Street Church, and was laid out about 1780. The first burial was that of Solomon Lathrop, 1787.

Meeting House Hill Cemetery —These grounds are owned by the First Church Parish. The first burial in it was in 1808. It contains a soldiers' monument, a brown stone shaft about 20 feet high, bearing inscriptions of thirty soldiers of the 10th Massachusetts regiment.

Catholic Cemetery is located at Mittineaque, and although but about twenty years old, several acres of land are already covered with graves.

SMITH & WESSON NEW MODEL HAMMERLESS SAFETY REVOLVER
IN 32 AND 38 CALIBRE.

SMITH & WESSON,

MANUFACTURERS OF

Superior Automatic Shell Extracting

REVOLVERS,

Single and Double Action, Safety Hammerless, and Target Models, in Calibres 32, 38, and 44-100, for Army, Navy and Pocket use.

Special Attention given to GOVERNMENT CONTRACTS, and extensive facilities for the execution of same.

Over 250,000 of these arms furnished to various governments for Officers, Soldiers and Police.

The celebrated SMITH & WESSON REVOLVERS are constructed entirely of best wrought steel, carefully inspected for workmanship and stock and GUARANTEED. For perfection of finish, durability and accuracy they are unrivaled. These arms have broken all previous records for revolver shooting and are the choice of Experts for fine work.

The public are warned against IMITATIONS, which are largely made of malleable cast iron and often sold for the genuine article.

If your dealer cannot supply you with the genuine SMITH & WESSON, orders sent direct to Factory will receive prompt and careful attention.

Descriptive catalogue and prices furnished upon application. Factory, 55 Stockbridge Street.

Chapman Valve Manufacturing Co.,

—MANUFACTURERS OF—

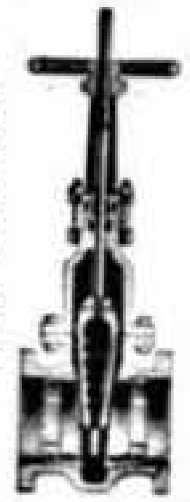
VALVES AND GATES FOR WATER, GAS,

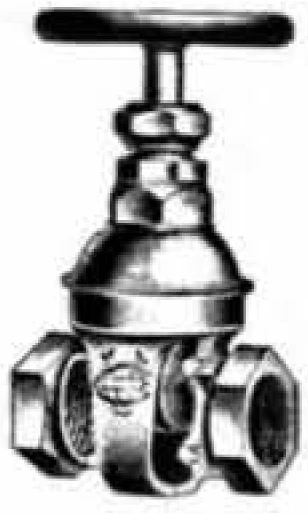
Steam, Oil, Acid, Ammonia. Etc.

—ALSO—

GATE FIRE HYDRANTS, WITH AND WITHOUT INDEPENDENT VALVES AT EACH OUTLET.

We would call special attention to our New Valve with Bronze Seats for superheated and high pressure steam—guaranteed to withstand a constant pressure of 125 to 250 pounds per square inch.





The GENUINE CHAPMAN VALVES in all cases will bear our name in full, either rolled in or cast upon the shells, and also our Trade-Mark and Monogram as above.

Any valves offered in the market not bearing these marks are irregular goods, and we hereby caution the Trade and all consumers of our goods not to be deceived, but buy the genuine.

THE IMPROVED

Chadwick Copying Book

TRADE-MARK.

PATENTED OCTOBER 16, 1889.

These Books are made waterproof at binding and corners, and are provided with moistening pad and oil sheets, by the use of which a number of pages can be kept moist and ready for immediate use, DISPENSING ENTIRELY WITH WATER POT, BRUSH AND WET BLOTTERS. The pad is first wet with water, then placed in book, back of twenty or more sheets, and put in press until required for copying, when sheets will be found uniformly and thoroughly moist, and VERY SUSCEPTIBLE TO ANY COPYING INK.

The back of the book being waterproof prevents the moisture from working into the binding or into leaves already copied on, and by similar treatment of corners leaves do not stick together and prevent rapid handling. The paper in these books is of extra strength, so they can be readily handled without tearing.

We make anything wanted in the line of Letter Copying Books.

THE NEW METHOD OF TREATING DISEASE BY

ELECTRO-THERAPEUTICS AND CABINET BATH,

AS GIVEN BY

Dr. H. W. HAMILTON,

Late President of the Homœopathic Medical Society of the State of Vermont, and Ex-president of the Champlain Valley Homœopathic Medical Society.

DESCRIPTION.

First, It is so constructed that we can give: 1. A Turkish Bath, hot dry air. 2. A Russian Bath, hot vapor. 3. A Turko-Russian Bath, hot air and vapor. 4. An Electro-Vapor Bath, gentle vitalizing currents of electricity, with hot air or vapor. 5. An Electro-Medicated Bath, incorporating pure medicinal drugs, so that the inductive principle of electricity will stimulate absorption. 6. A perfumed Bath, combined with any of the above, thus removing all odors that may exhale from the skin, and leaving an agreeable perfume in their stead.

Second, It is also constructed so that either the galvanic or faradic current can be used, as the nature of the disease may indicate. With this Bath: 1. We equalize the circulation. 2. Reduce congestion and inflammation. 3. Impart tone to the nerves. 4. Arouse the vitality of the weak. 5. Overcome diseased conditions that medicine alone cannot reach.

A careful diagnosis made by the Doctor. Mesdames Whipple and Bailey at office, during office hours, to attend to ladies. Piles, Fissure, Fistula and Rectal Ulcer treated without pain or detention from business. The Brinkerhoff system used. Office hours until 9 a.m., 11 a. m. to 3 p. m., 7 to 8 p. m.

Before Selecting your bicycle for the coming season, be sure that you are right on the tire question.

Tires to-day are divided into four groups: first, Victor Cushion Tires; second, Pneumatic Tires; third, inflated "hose pipes"; fourth, hose pipe cushions.

Remember that makers who failed last year with their cushion tires are trying to divert attention by offering so-called pneumatics, which are mostly inflated hose pipes.

Remember that the Victor Cushion Tire is the best on earth for general use: that it never had a rival.

Remember that the Victor Pneumatic Tire is the best pneumatic, but that nothing can be devised to compare with the Victor Cushion.

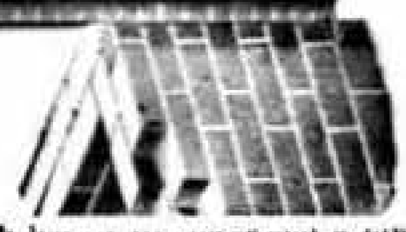
J. I. KELLEY,

MASON AND BUILDER.

KELLEY'S GAUGE-GUIDE FOR MASONS.



This implement is designed for a true, perpendicular guide for bricklayers to work to, at both the inside angle and at the outside corner. They are constructed from three to six feet in length, and each has at its lower end a pin which extends at right angles, while about a foot above this pin is another angularly extended blade, or thin lug, which is vertically adjustable, controlled by an internally applied screw, operated through the hand-wheel.

After the lead has been made the gauges are applied as indicated in the cut, the lower pin or blade being driven between lower courses of the brick, and the blade or lug, operated by the hand-wheel three or four courses above, being forced down to confinement upon a corner brick at such third or fourth higher course. On the longer gauges extra confining blades and operating hand-wheels are provided.

The gauge guides have straight edges up to which to lay the brick at the corner, and are provided with plumb levels for determining their perpendicular application. A scale is formed upon the metallic straight-edged portions to indicate the distance between the courses.

By use of these gauges at opposite leads which have been started level with each other, the courses may be gauged to the same height at each end of the building; and the opposite corner gauges may also be employed for supporting the line.

Gauges are for sale by the undersigned, who will also negotiate for the sale of state or territorial rights, or licenses. Agents wanted.

Patented Nov. 25, 1890; and other Patents Pending.

In ordering monuments it should be remembered:

☞ That it is better to see the thing itself than to order from designs or photographs.

☞ That good workmanship, good material and true proportion are the essentials of an artistic and enduring monument.

☞ That the work McGregory & Casman can show, and the monuments they have set up in the last 20 years—numbering about 8,000—prove that they have these essentials at heart.

Fisk Mfg. Co's Japanese Soap

Is manufactured of the purest Oils and Tallow of our own refining. It is a PURE SOAP, free from the many poisonous adulterations that are put into soaps at the present day to give them weight, etc. Many persons are suffering to-day on account of using impure soaps. The Japanese is adapted to the Laundry, Toilet, and Bath. It has no equal. Patented October 11, 1875, and September 18, 1877.

THE JAPANESE

FISK MANUFACTURING CO.

SPRINGFIELD, MASS.

(Registered Oct. 11, 1875.)

Fisk Manufacturing Co's "Extra Pale." Cut full weight. Two, three, and four pound bars. We maintain for is the justly merited reputation of being the "Best and Cleanest Bar Soap in America." Most bar soaps now in the market are composed almost entirely of rosin, poisonous and filthy grease, loaded with ground marble, silicon, pipe clay, lime, soda, caustics, etc., many being like the pressed cakes, wrapped, preventing them from drying and showing their true properties.

By using such soaps you destroy the clothes—a single garment, perhaps, costing more than a yearly supply of Fisk Mfg. Co's Pure Soaps, which do not yellow, rot, cut or grind the clothes.

Ask your grocer for them. Let them become hard and dry before using them. Look to their clothes saving quality, which is true economy and cheapness.

Men may come, and men may go, but the brook and the city directory and the life insurance company go on forever; and the policies in force in

The Massachusetts Mutual Life Insurance Co.

are about as many as the names in this book.

Some of the policies that were on the Company's roll a year ago have become claims, and more than three-quarters of a million dollars have been paid to their holders. Other members have needed money, and have felt the benefit of the liberal Massachusetts law that establishes a definite surrender value in cash for their policies, and

Applies only to Massachusetts Companies.

The places of all have been more than made good by new recruits, and in numbers, as in assets, the Company is steadily growing.

LEGS AND ARMS WITH RUBBER FEET AND HANDS
(MARKS' PATENTS.)

The Rubber Foot and Hand possess the most natural appearance, the greatest durability and comfort of all artificial limbs. Vast numbers of mutilated men and women are, by the use of rubber feet and hands, enabled to mingle with the rest of the world without betraying their loss or experiencing great inconvenience.

Farmers, mechanics, professionals, and even athletes, who have lost one or more of their limbs, are enabled to resume their vocations by the use of these remarkable inventions.

A. A. Marks.

Dear Sir:—I lost my leg below the knee from gun-shot wound received in the late war. As soon as my stump healed, I got a leg with an ankle joint. I wore it for a short time, and thought I liked it, but when I had one of your rubber feet applied to it, I at once discovered that I had bettered my condition, and that the ankle joint in an artificial leg was as useless as "wings on a pig." I have worn your rubber foot now about twenty years, am a machinist, and work at the lathe and forge ten hours a day as steadily as the days come and go. For ten years I worked on a foot lathe, doing the treading with my rubber foot. Sundays I take my family out for a walk, and frequently jaunt about all day. I have been so thoroughly restored by your patent that really I cannot see or feel that I am different to persons in possession of their natural limbs. I do not take a second place to anybody, either on the walk or at the bench.

WILLIAM DIETZE.

By a copyright formula, furnished by us on request, applicants can supply us with all the data necessary to secure fit and satisfactory results, while they remain at home. One-half the legs and arms furnished by us are made from measurement and profiles, without our seeing the wearer. Fit always guaranteed.
